

ALLYCIA HORN

SOFTWARE ENGINEER

Cleveland, Ohio | hornallycia@gmail.com | www.allyciahorn.com

SUMMARY

Full-stack developer experienced in building and deploying responsive web applications with JavaScript, React, and Node.js, including projects that incorporate API integration and database design. Strong analytical background with the ability to translate complex requirements into functional, efficient code. Eager to contribute to a collaborative engineering team and deliver impactful software solutions.

PROFESSIONAL EXPERIENCE

Consumer Analyst, KeyBank

Jun 2022 - Present

- Prepared and analyzed financial reports to evaluate performance, identify trends, and inform strategic decisions for consumer banking products.
- Analyzed monthly P&L, balance sheet, and cash flow statements to identify performance drivers, variances to forecasts, and emerging risks.
- Conducted industry and competitor analysis, including market sizing, benchmarking, and pricing comparisons to support strategic planning.
- Created executive level presentations that summarized key financial insights, risks and recommendations.

Seasonal Associate, Change Research

May 2022 - Dec 2022

- Collaborated with team members to develop and refine survey questionnaires.
- Programmed, tested, and monitored surveys to ensure accuracy and smooth deployment.
- Produced key deliverables, including crosstabs and topline summaries for client review.
- Analyzed survey data and helped prepare presentations and written reports outlining findings.

PROJECTS

Court Companion, Full-stack web application

Built with React, Next.js, FastAPI, and Python.

- An AI integrated web application that helps users navigate civil court documents. Court Companion clarifies what a document means, surfaces important deadlines, and helps users draft appropriate responses.

SKILLS

Languages & Frameworks: JavaScript, Python, Java, HTML, CSS, React, Node.js

Databases & Tools: MySQL, PostgreSQL, VS Code, GCP

Development: RESTful APIs, responsive design, unit testing, Agile/Scrum

Soft Skills: Problem-solving, critical thinking, collaboration, communication, attention to detail

EDUCATION

Bachelor of Science in Computer Science

Dec 2025

John Carroll University

- Graduated cum laude
